B.E. Information Technology (2025) | MVSR Engineering College, Hyderabad | **Based in Hyderabad, Telangana — open to virtual/24x7 shift operations**

PROFESSIONAL SUMMARY

B.E. Information Technology graduate with hands-on experience in **cross-functional coordination, stakeholder communication, process improvement, and data-driven problem-solving**. Supported operations and growth initiatives at a startup founder's office; built integration workflows connecting Salesforce, Jira, ServiceNow, and Slack at CloudSire Solutions. Comfortable querying systems, analyzing trends, escalating issues, and following through to resolution. Seeking an entry-level **Transportation Operations** role at Amazon where I can apply coordination and analytical skills in a 24x7 NOC environment while building logistics domain expertise.

EDUCATION

Degree	Specialization	Institute	Year	CPI
B.E.	Information Technology	MVSR Engineering College	2021–2025	7.42
Intermediate	Physics, Chemistry & Mathematics	Sri Chaitanya College	2019–2021	9.45
SSC	—	Sri Chaitanya School	2019	8.8

EXPERIENCE

Integration Engineer Intern — CloudSire Solutions LLP | Nov 2023 – May 2024

- Coordinated cross-system workflows connecting **Salesforce, Jira, Mailchimp, ServiceNow, Slack, and Outlook**; served as liaison between business stakeholders and technical delivery to resolve integration exceptions.
- Automated lead extraction from Salesforce based on defined criteria; transformed and imported records into Mailchimp, improving conversion workflow reliability and reducing manual handoffs.
- Built real-time email-to-ticket pipelines and Botsonic–Jira integrations for automated ticket creation; **escalated and tracked issues** through resolution across support channels.
- Identified repetitive manual steps and proposed automation improvements, demonstrating a process-improvement mindset aligned with operational efficiency goals.

Founder's Office Intern — Poditivity Connect | Oct 2024 – Mar 2025

- Conducted **market and competitive research**; analyzed trends and distilled insights into **leadership-facing reports and presentations** using Microsoft Excel and PowerPoint.
- Coordinated cross-functional teams** to align on company initiatives, streamline information flow, and support operational decision-making.
- Prepared weekly summaries and variance-style updates for senior leadership, translating data into clear narratives for review discussions.

Head of Socials & Growth — Poditivity Connect | Dec 2024 – May 2025

- Analyzed engagement trends and applied data-informed insights to targeted campaigns; increased social media engagement by **40%**.
- Monitored performance metrics, identified anomalies, and adjusted tactics — experience relevant to spotting operational trends and exception patterns.

SDE Intern — Samyama.ai | Nov 2025 – Jan 2026

- Performed **data quality validation** on a **35,506-record** dataset; used **SQL-style structured querying** and schema compliance checks to ensure reliable downstream analysis.
- Evaluated system performance trade-offs (latency vs. cost), supporting data-informed operational decisions under time constraints.

Front-end Engineer Intern — RCI | 2023

- Delivered web application features using Django; collaborated with backend teams on requirements, issue triage, and iterative fixes.

PROJECTS

Bridging Learning Gaps: Web App for Deaf and Mute Students in Tamil (Major Project)

- Built an end-to-end system with live data processing and **93.7% accuracy**; demonstrated ability to work with large datasets, monitor performance, and communicate results clearly.

MalFoyle: Python-Based Malicious File Detection System

- Developed an automated analysis tool with structured reporting; applied systematic problem-solving and exception-flagging logic.

CERTIFICATIONS

- **Complete A.I. & Machine Learning and Data Science Bootcamp** — Andrei Neagoie & Daniel Bourke
- **2nd Prize**, Project Expo 2025 — *Bridging Learning Gaps* (RDC & IIC, MVSREC)

TECHNICAL SKILLS

Operations & Analysis: SQL, data analysis, trend identification, Microsoft Excel, Microsoft PowerPoint

Coordination & Tools: Salesforce, Jira, ServiceNow, Slack, Postman, Celigo, Digibee

Languages (supporting): Python, Java, JavaScript

Strengths: Written and verbal communication, escalation follow-through, cross-functional coordination, process improvement, comfort learning new operational systems
