## WORK EXPERIENCE

### RCI (Research Center Imarat)

Apr 2023 - Oct 2023

#### Front-end Engineer Intern

Hyderabad

- Developed and enhanced front-end features with HTML5, CSS3, JavaScript, and Bootstrap for a secure intranet collaboration platform.
- Built real-time chat, request management, and two-factor authentication flows; participated in testing, debugging, and deployment support.
- Collaborated with team members to deliver maintainable, reusable code aligned to business requirements and code review feedback.

### CloudSire Solutions LLP

Nov 2023 - May 2024

#### Integration Engineer Intern

Hyderabad

- Integrated front-end workflows with REST APIs across Jira, Salesforce, ServiceNow, and Slack; processed ~100 tickets weekly.
- Debugged cross-system issues, documented integration workflows, and reduced manual support handoffs by 45%.

### Samyama.ai

Nov 2025 - Jan 2026

#### SDE Intern

Hyderabad

- Built custom Python software components with structured data validation; reduced model response latency by 2.3 seconds through debugging and iterative development.
- Participated in cross-functional code reviews, defect resolution, and progress updates with team leads.

### Poditivity Connect

Oct 2024 - July 2025

#### Founder's Office & Growth to General Manager

Hyderabad

- Led a 14-person cross-functional team; coordinated product, content, and growth initiatives with clear stakeholder communication.
